

SELDM Training Course Registration Form

What: SELDM is the Stochastic Empirical Loading and Dilution Model This 3-day training course will cover model theory, operation, and interpretation (please see <http://webdmamrl.er.usgs.gov/g1/fhwa/SELDM.htm>).

Where: U.S. Geological Survey, Texas Science Center 1505 Ferguson Lane Austin, TX 78754-4733

When: June 14-16, 2016

Who: Gregory E. Granato email: ggranato@usgs.gov phone: 508 490 5055
Susan M. Jones email: susan.jones@dot.gov phone: 202-493-2139

Participant information:

Nickname (the short name that will appear prominently at your workstation and on your badge):

Full name:

First: _____ MI _____ Last: _____

Organization: _____

Address 1: _____

Address 2: _____

City: _____ State: _____ Zip _____

Email: _____ Phone: _____

Computer Information:

Operating system: Microsoft XP: ___ Vista: ___ Win 7: ___ Win 8: ___ Mac: ___ Other: _____

Office suite: Microsoft 2000: ___ 2003: ___ 2007: ___ 2010: ___ 2013: ___ Other: _____

Student Profile for calibrating presentation & picking partners (circle range or best answer):

How I think: Completely Qualitative 1 2 3 4 5 6 7 8 9 10 Completely Quantitative

My Statistics: Never Middle School High School College Read them in my job Do them in my job

Spreadsheets: Never Finances Basic analysis Complex analysis Macros Programming

Role: Scientist Engineer Supervisory Regulator Decisionmaker other _____

Modeling Experience: Never Did some in College Review them in my job Do them in my job
